

# Kodomo no Omocha (TV)

Kodocha

Score: **8.05**

Rank: **#589**

Sixth grader Sana Kurata has a perfect life. Her mother is a (fairly) successful author, she has a young man employed to keep her happy and safe, and best of all, she is the star of the children's television show . There's just one thing bothering her, and that's Akito Hayama.

Akito is a classmate of Sana's, and ever since he's started acting out in class, the rest of the boys have followed his example. Every day, the girls and the teacher wage a battle to keep the class under control and to get some actual learning done. That rotten Akito... Sana won't stand for this!
