K-ON! Live House!

Score: **7.85**

Rank: **#931**

It is almost the end of the year, and Houkago Tea Time has been invited to participate in a live house on New Year's Eve! The iconic band members are Yui Hirasawa, the carefree guitarist who is enthusiastic to play music; Mio Akiyama, the shy bassist who gets embarrassed easily; Tsumugi Kotobuki, the gentle and sweet keyboardist who finds joy in normal activities; Ritsu Tainaka, the extroverted drummer who likes to tease Mio; and Azusa Nakano, the rhythm guitarist who is one year younger than the rest but slightly more mature.

Performing in the set gives the girls the rare opportunity to meet various people from different bands, including the one that invited them, Love Crys. Will Houkago Tea Time be able to delight their audiences successfully?
